NSWS (National Single Window System) has been introduced in September 2021 by the Department for Promotion of Industry and Internal Trade (DPIIT), Ministry of Commerce and Industry, Government of India. NSWS is a digital platform to guide entrepreneur/ business in identifying and applying for approvals according to their business requirements. The system promotes Ease of Doing Business by minimizing duplicity of information submission, reducing compliance burden, and enables the identification, applying and subsequent tracking of approvals for all integrated states and central departments.

In a process to on-board all necessary services of various UT departments live on NSWS portal (<https://www.nsws.gov.in/portal/ddd>), we are glad to inform that following department services are on-boarded to NSWS and are now live. We request following departments to start receiving applications and provide necessary approvals online through NSWS portal from **1st August 2024 (Thursday)**.

- Cooperative Societies Registration
- EXCISE
- TOURISM
- DISTRICT INDUSTRIES CENTRE

In this regard all the above departments are requested to promote new applications and provide necessary approvals through NSWS portal only.
